Don't Get Snowed in this Year!

Get a like-new Snow Thrower for an excellent price!

And help J2A with their pilgrimage fund!

J2A was given a snow thrower by Sharman and Richard Corbitt who no longer need it since they moved to Texas.

This generous donation is greatly appreciated.

“British Invasion”
March 25th
Silent and Live Auction

Our J2A kids have sent in their deposits and have their itineraries set for their “Anglican Roots” pilgrimage to England in June! Now we need your help getting them there!

The group is preparing for their Fundraiser Dinner and Auction to be held on March 25th at St. Anne’s School. We are currently looking for auction items and donated services from parishioners, family, friends, businesses, local organizations, etc. Examples of items needed:

- **vacation home week or weekend**

- **tickets (theatre, basketball, etc.)**
- **gift certificates to restaurants, shops, summer camps, services, etc.**
- **jewelry; collectibles**
- **pool parties, home-cooked dinners, picnics**
- **furniture, instruments, electronics**
- **services: yard work, babysitting, lessons, consultations, photography**
- **antiques**

Thank you in advance for your generosity!

To donate an item or service, contact Valerie Biddle (Valerie@biddlecapitalmanagement.com) or Kate Rokosz (KateR@uniglobeonline.com).

“WE CAN”

If you knew that

1. One hundred percent of a recycled aluminum *can* ends up as another aluminum *can* in as little as 60 days
2. An aluminum *can* have no limit to the number of times it can be recycled.
3. Aluminum is the most recyclable of all materials: it is four times more valuable than other recycled consumer materials.
4. Throwing away a single aluminum *can* is like pouring out six ounces of gasoline.
5. Recycling one aluminum *can* saves enough energy to keep a 100-watt bulb burning for almost four hours or run your television for three hours.
6. Last year 54 billion *cans* were recycled saving energy equivalent to 15 million barrels of crude oil-American's entire gas consumption for one day.
7. **We can really save** - Americans throw away enough aluminum *cans* to rebuild an entire commercial air fleet every three months. Simple actions *can* mean big results.

... would you still throw that *can* in the trash?

Note: Over 550 Habitat for Humanity affiliates recycle *cans* to build more homes. If they *can* build homes...we *can* fund a pilgrimage to England and more!

Bring in *any* beverage *cans* for recycling.

We can help the environment while earning money!

(A 30gallon trash *can* will yield approx. \$10-\$12 ...so bring your *cans* weekly to class (rinsed and crushed)and deposit in the container provided. If you have any questions contact Jamie Richards 653-3732)

NEW PASTORAL CARE MINISTRY

This past year 14 members of St. Anne's Church came forward to the call for Pastoral Care. Knowing there was a need for some care giving in our parish community we embraced a journey that became more fulfilling with each contact. In small groups we identified needs such as hospital and nursing home visitation, phone communication, relief of daily tasks, meal preparation and delivery, and cards sent in loving regard. Our goal was to create a support system along with the already spiritual nurturing of our clergy and lay ministry. One of our most important tools of communication in pastoral care giving is confidential listening. We encourage you to contact the church office with information that may need a quiet prayer, soft touch, good meal or a positive fresh outlook.

When Job's three friends heard about all the troubles that had come upon him, they set out from their homes and met together to go and sympathize with him and comfort him.
